Little Stella and Jessie Wilmet have been quite sick with fever for the past week.

We wonder if any of the correspondents will tell us it has been raining for the last two weeks.

Mr. Eddie E. Wiggs left this vicinity Wednesday for Louisville, where he intends to make his future home.

Mr. G. A. Hurst furnished the music for the party at Mrs. Oneal's Saturday night and it was splendid. Quite a number were in attendance and all seemed to enjoy themselves nicely.

Mr. Eddie Blythe was at home from Shively last Sunday on a visit, but unfortunately for him his girl was absent and he returned without seeing her. Come again, Eddie, she'll be at home and glad to meet you next time.

Mrs. Wilmet and Johnson were not partners many days before Mr. Johnson bought out Mr. Wilmet's interest, and Mr. Johnson, being alone, will proceed at once to enlarge his store house and fill it with dry goods, groceries and drugs.

Has anybody's sleep been killed by dogs lately? We understand that they are out sixteen dead dogs in Hardinville and they, all of which came by their death by an over dose of dead sleep. That's right, sleep raisers, then them out, for they are certainly a nuisance.

While in Frankfort a few days ago I had a copy of the printed bill, entitled "common school laws," handed me by a friend with a request to examine it. I have no objection, and I will not say that the bill is good, but that bill must be mortal enemies of the common school system, or at least that is the conclusion that I was forced to, after reading the bill through. I hope, however, that I am wrong in that conclusion.

Now, in the first place, instance, art. 2, section 8, page 5. It is made the duty of the Superintendent to determine the per capita on or before the 1st day of July of each year; but section 12, same article, says, that when the proportion of the State schools fund is paid the commissioner of common school of any county, he is to nominate the county judge of the fact, and the judge is to nominate the commissioners that have attended in any school, and that they shall then ascertain and fix a per capita upon the highest number of children attending school. Now under the law 40 per cent. is due the teacher, and the 60 per cent. is due the county of the teacher, so according to that section the commissioners must wait until the 1st of July before settling with the teachers, and even then it is to settle with each teacher according to the per centage of children attending him in his school. Now if they do not pay the teacher, then the teacher can demand every parent or guardian to send their children to school under a heavy penalty on failure to do so, it might do, but as it is the teacher will have to drag them up by the hair of their head or run the risk of getting nothing for his labor and boarding himself besides. In my opinion it is a most unwise and unwise action for the parents that have no persuasion or inducement could get them to send their children to school. It is the apathy of the people, not of the teacher, that the attendance is so small. Let section 12, article 2, become a law and it will virtually close all the country schools, as the teacher can make no compensation, being unwilling to make himself responsible for the amount of the teacher's salary.

There is another difficulty arising right here. What basis or plan will the county judge and commissioner hit upon whereby to determine their per capita.

Another great objection to this section is, that it will open the door for fraud and perfidy.

There are other features of this bill that might be seriously objected to, but I shall not trouble you with them. It follows that the State superintendent three thousand dollars salary, office fixtures, stationery, books, postage, fuel and lights; also twenty-seven hundred and fifty dollars for clerk hire.

FRANKFORT ROUNDABOUT.

Entered at the post-office of Frankfort, Kentucky, as a second class mailable matter.

GEORGE A. LEWIS,
Editor and Publisher.

FRANKFORT, FEBRUARY 16, 1884.

Why not take up a collection in all the Churches to-morrow for the sufferers by the flood in the Ohio? Our citizens will give liberally we know, and there is no more appropriate place than the church to take up a collection for such a cause.

Miss Maggie Dufey, formerly of this city, and for many years an inmate of the Episcopal Orphans' Home in South Frankfort, was married at Catawba, Pendleton county, on the 6th inst., to Mr. J. M. Moss, of that place.

Mrs. J. Ellen Foster, the celebrated temperance lecturer and lawyer of Iowa, lectured in the Hall of the House of Representatives Monday night to the Legislature of Kentucky, Tuesday night at the Opera House, Wednesday night at the Methodist Church to the citizens, and Wednesday afternoon to the ladies of Frankfort, on each occasion to large and attractive audiences, and a rarer, more intellectual feast, our citizens have never enjoyed. She presented her subject in an earnest, logical manner, carrying conviction with every word she uttered, and not an unjust criticism could be made against her. Leaving a happy home, and with it all the name implies, she, with her husband, is travelling this broad land of ours over, "that less honored homes may be made happier." Her surely a mission of love, for she is giving her life's work to the temperance cause.

This great grand hearted woman of Iowa completely won the people of Frankfort.

Wednesday afternoon Mr. James R. Ellings, who boards with Mr. J. L. Greenwell at Joshua, on the Flat Creek pike, seven miles from this city, rode over to Harvieland, on the Stony Creek pike, and after spending some time at the store of Mr. McQuillan, started home in company with a friend, but had not gone far before he fell from his horse and in a few moments expired. He was in this on Saturday and gone on a spree which lasted several days and it is supposed that he had been using chloral to sober up, as Mr. Greenwell smelt it very strongly in his room that morning. Coroner McEwan went out Thursday and held an inquest when the jury returned a verdict of death from a fall from his horse while under the influence of drugs. The deceased came to this county from Lockport, Henry county, about a year ago.

Who was He?

On Wednesday or Thursday of last week an old man, very feeble and nearly blind, went to the Railroad depot in this city, and stated that he wanted to go to Culpeper, Virginia. He said he was 77 years of age and came to this State when a young man, had never returned since, and was anxious to again visit the home of his childhood. Several gentlemen were with him, who purchased his ticket, and requested Mr. Bryan to see him on the train, let him in the waiting room. When the train came in he was assisted on board and started on his journey.

On Tuesday a letter was received by Mr. Bryan from the Superintendent of the C. & O. Railroad, wanting to know who the old gentleman was, and stated that he had been carried by his destination in the night but had been returned there and put off by another train. The next morning his body was found by the side of the track, having been run over and cut into by some passing train. The poor old man, not knowing where to go, was evidently wandering about in the darkness when he met his death. Some of the older citizens there thought they recognised the remains as those of a man who left that locality fifty years ago, but Mr. Bryan could tell them nothing as to the old gentleman, for he had never seen him before and did not know the man who were with him.

It is sad indeed, after waiting so many years to visit his native place that death should intercept just as his eyes, dimmed by age, were about to be gladdened by a sight of the place where the happy days of childhood and youth had been spent—a sight which he had so longed for and was so sure he would see, now that the trains pass right by his old home.

LATER.—It is thought the remains are those of a man who killed a man at Culpeper fifty years ago and fled the country. It is such as the case it looks like a retributive justice has overtaken him after many years.

Mr. Philip Selbert will raffle the handsome mechanical clock at his establishment, ten per cent. of the proceeds to go to the flood sufferers. Chances will be sold for one dollar. Call and secure one.

A concert for the benefit of the flood sufferers will be given at the Opera House to-night by the amateur talent of the city. The entertainment will be well worth the price of admission, and the proceeds will be given for the relief of the suffering poor along the Ohio river, there should be a large audience in attendance.

Mr. Lewis Weitzel is making preparations to commence the erection of three new business houses on the site of his buildings recently destroyed by fire on St. Clair street. The block will be three stories high and sixty feet deep. The building at present occupied by Messrs. C. & J. Weitzel as a confectionery will be raised another story and otherwise improved so as to correspond with the balance of the block.

Streets and Lots Numbering

Our city fathers should at once pass a law to have the names of the streets placed upon the corner of every street and alley in the city. A piece of tin 14x4 inches, painted black and having white or gilded letters would suffice. At the same time have the houses numbered. This would give employment to some worthy mechanics and provide a blessing to our citizens and to strangers.

Mr. Philip Selbert, the St. Clair street jeweler, shipped on Monday two fine Elgin watches to gentlemen in Texarkana, Texas. Before ordering, the parties had prices from the Springfield, Illinois, manufacturer and accepted Mr. Selbert's in preference. The order was given with the understanding there was no more of the same kind to follow if the watches sent gave satisfaction, which they will certainly do, as Mr. Selbert sells none but the best goods.

The river rose again Wednesday and Wednesday night, but yesterday was falling. There is no danger of a flood now and no uneasiness is felt among our citizens. The Sayre spring lot on Cross street is flooded, as is usually the case when it rains for any length of time. With the exception of last year, the water is higher than it has been for the past ten or twelve years. Travel has been cut off between Main and Shelly on Cross street and the water is nearly over Main street between Third and Cross. Mr. John W. McEwan has been compelled to abandon his house on account of it being nearly surrounded by water two or three feet deep. It does seem that this overflow might be remedied in some way by the city.

Death of Mr. F. Herancourt

About 10 o'clock Thursday night, Mr. Herancourt, a highly respected citizen of this city, died suddenly of heart disease at his residence on Mero street. He had been sitting with his family all the evening engaged in pleasant conversation, and just before his usual hour for retiring went out to bring in a scuttle of coal. As he was gone some time his daughter, Miss Lillie, went to look for him, and found him in an almost unconscious condition. She immediately called for help and shortly after he was gotten into the house he breathed his last.

He came to this city from Cincinnati twelve or thirteen years ago and established the malt house and has been doing a very prosperous business. He has been a quiet, unobtrusive citizen, who attended strictly to his own business, and seldom left home. He was sixty-three years of age on the 8th of January and leaves a wife and three children, all grown, to mourn his loss.

The committee appointed by the Court of Claims, at its last meeting, met in this city on Wednesday, when the following action was had:

FRANKFORT, Ky., Feb. 14, 1884.

The Committee which was appointed by the County Court of Claims to see to the repairing of the old road leading from the Louisville pike to the head of Shelly street, in South Frankfort, met and made an order instructing D. M. Woodson, County Surveyor, to survey said road and make plans and specifications, so that bids for the construction of the same, could be advertised for, and upon the report of said Surveyor said Committee, to advertise for bids.

FRANKLIN COUNTY, Feb. 14, 1884.

The Committee of the Jail met, and Esq. McDonald being absent, adjourned to meet again on the 23d day of Feb., 1884.

J. B. RUSSELL,
S. M. TINSEY.

Rev. John C. Freeman, of Fayette county, will preach at South Benson Church this morning and to-morrow morning at 11 o'clock. All invited to attend.

Messrs. W. A. Gaines & Co. gave \$500 to the flood sufferers yesterday, and the Legislature appropriated \$75,000 more, making \$100,000 in all that the State has given.

The Democratic caucus of the Legislature on Wednesday evening nominated Dr. John D. Woods, of Bowling Green, for Public Printer. We regret exceedingly that our neighbors of the Yeoman were defeated, as they are gentlemen from whom we have ever received the kindest consideration, and in every fight we are for Frankfort and her people against the world. During the years they have had the position these gentlemen have been exceedingly liberal with their employees in paying the highest prices for labor, and their defeat is to be regretted on this account, as we doubt if any one else will do as they have done for the past six years, pay their composition exactly the same price per 1,000 ems that they receive from the State.

R. P. BRYAN, Agent.

FOR SALE OR RENT.—The farm lately owned by Wm. Arnold and O. B. Polgrave on Flat Creek. Terms easy. Apply to Marshall & Meagher.

WANTED TO RENT.—A piano. Apply at this office.

A good blacksmith can learn of a situation by applying at this office.

Governor and Mrs. Knott will hold a levee on Tuesday evening, next.

The first mesh of the season was made at the O. F. C. Distillery on Thursday morning.

The Legislature passed a resolution on Wednesday appropriating \$25,000 to the sufferers by the great flood in the Ohio river.

We are under obligations to Messrs. Cushing & Stephens for a tender, nicely mounted Kentucky Short-horn beef. It was splendid.

Mr. Nelson B. Groves and Miss Mollie Garrison were married at the County Clerk's office Tuesday night, about 7 o'clock, Judge H. A. Thomson officiating.

In the Circuit Court last week John Kiernan was fined \$75 for attempting to kill Ned Conner, while Ned Conner was fined \$100 for attempting to kill his horse.

Mr. Jacob Sidener, father of Elder John A. Sidener, of this county, died at his home in Bourbon county on the 5th inst., aged 96 years. He was a soldier of the war of 1812.

The members of the Executive Committee of the Franklin County Bible society are requested to meet at the office of Messrs. Payne & Berry this evening at 7:30 o'clock.

Capital Lodge, No. 6, I. O. O. F., has elected a "degree staff" for the Lodge. Eight gentlemen have been selected who will learn the ritual thoroughly and do all the work of conferring degrees.

At a called meeting of the City Council Thursday afternoon the following appropriations were made to the sufferers by the flood: Cuttletburg and Ashland \$200; Newport \$200; Covington \$100; Maysville, \$100; Carrollton, \$50, and Milton \$50.

Dogs are making depredations among the sheep in the Jones Station neighborhood, this county. One night recently Mr. R. K. Woodson had twenty killed by them. Mr. John Hanly lost five or six, and Mr. Llewellyn Crutcher had two badly torn.

On Tuesday night Hiram Lodge, No. 4, A. Y. M., donated \$25 to the flood sufferers of Newport, which amount was sent to Mayor Harton of that place. On Wednesday night a like sum was donated by Eoseric Lodge, No. 532, and sent to the same city.

The U. S. Mail Line has sold the Hornet to parties at Carrollton and will discontinue running their boats in this trade. Mr. H. B. Cannack, who has been the agent of the Company at this place for some time, will take the position of second clerk on the Hornet as soon as the river falls sufficiently to permit her to pass under the bridge at Coonskin.

A silver lamprey or mud eel, about twelve inches in length, was caught out of the river by a colored man one day last week. It is a rare fish in these waters, and so far as we have been able to learn, this is the first ever taken in this section. It has much the appearance of a large leech and is parasitic. It was placed in alcohol and turned over to the Geological Survey.

Fancy Groceries, Butter and Eggs always to be found at Marshall's, corner Main and St. Clair streets.

If you want a well-flavored, sugar-cured jowl call on C. W. Finch.

Turkeys, chickens and all kinds of vegetables, at Marshall's, corner Main and St. Clair streets.

A house and 8 or 10 acres of good bottom tobacco land for rent. Apply to C. W. Finch.

Fish and Oysters at Marshall's, corner Main and St. Clair streets.

The best Cigars and Tobacco to be found in the city at Marshall's, corner Main and St. Clair streets.

A Geological Hall

One of the most important branches of our State Government is the geological department. This interesting and scientific office should be properly provided for, have abundance of light and be easy of access. Just now it is next to impossible to see portions of the valuable collection made by the State Geologists, owing to the lack of light. This Legislature should appoint a commission of three or four members, who should have authority to purchase a site and to procure necessary plans for a suitable edifice. All this would involve hub \$60,000 at most. In this building room could be provided for the commissioner of Agriculture, with a hall, or rotunda in connection in which exhibits might be left of agricultural implements, seed, &c., connected with our farm products. To spend money in this way would be a remunerative investment or the State.

Canied goods a specialty at Marshall's, corner Main and St. Clair streets.

Mr. J. M. Church is closing out his grocery and proposes to go into the saddlery and harness business.

W. C. T. U. Notes.

The W. C. T. U. meets every Wednesday afternoon, at 3 o'clock, in the Sunday School room of the Christian Church. "Cincinnati has six miles of run holes, New York has one, and London has seventy-three. What a long walk the devil must take when he calls on his friends."

The W. C. T. U. of St. Catherine, Ontario, sends out a little card to the homes of the city as each holiday season approaches, entreating every mother and sister not to offer intoxicants to their guests. It has worked to a charm.

"I have made a thousand dollars during the last three months," said a saloon-keeper, "and you know I have not been able to have made more than that," quietly remarked a listener. "What is that?" "You have made wretched horses, women and children poor, and sick and weary of life, you have made my two sons drunkards," continued the speaker, with trembling earnestness, "you made the younger of the two drunk that he fell into the hands of the devil. You have their mother a broken hearted woman. O, yes, you have made much more than I can reckon up, but you'll get it full count some day—you'll get it some day."

The BANKER'S DAUGHTER.—At the Grand Opera House last evening, the greatest of American operas, "The Barber's Daughter," was given by J. F. Glavin's company before a large audience, which did not fail to give a unanimous appreciation of their satisfaction at the manner in which the characters were enacted. The plot of the play is already too well known to require an extended review in these columns, suffice it to say that the many thrilling and interesting scenes were enacted with great interest by the auditors, and the members of the cast were rewarded with numerous hearty encores. The "John Strelow" of Charles L. Farwell, the "Mr. Brown" of F. E. Tighe, and the "G. Washington Phillips" of J. F. Croesen were the most evenly rendered characters among the gentlemen, while the honor with the ladies went to Miss Mabel Weston, Mrs. Florence St. Vincent Horner, and Miss May Lees as "Lillian." The acting of little May Keane in the character of "Natalie," "Lillian's" daughter, also calls for words of commendation and showed a remarkable amount of precociousness in one so young. The piece was very effectively set, the most notable scenes being the vestibule and curtain scenes, which were enacted with great interest by the auditors, and the members of the cast were rewarded with numerous hearty encores. The Daily Courier Oct. 27, 1883.

The Opera House was well filled last evening, and the audience was appreciative of the play as announced was admirably presented, both in scenery and acting. It was a rare treat and way above the average.

We congratulate the audience on their good fortune of being there.—Lafayette Daily Journal.

The above company will appear at the Opera House on Monday evening, February 18th. Reserve seats may be had at Barrett's news depot.

FRANKFORT ROUNDABOUT.

Wigginton.

Mr. EDITOR: As our place has not been heard from through your paper for some time, I will give you a short sketch.

Sheriff's election is all the talk here. Hurrah for Collins!

A good many of our people are attending court at Frankfort this week.

Boys, keep your boots blacked, for there will be two weddings next week.

The boys have all sworn off again, and are not going to drink another drop.

The people are preparing for a large crop of tobacco this season in this vicinity.

Miss Belle McCord, of Gratz, Owen county, spent last week with friends in this village.

Dr. J. L. Massie, of Owen county, was the guest of Mr. W. W. Wigginton last Saturday and Sunday.

Joe Wigginton has purchased a farm of Dr. Hatchinson, near this place. We will hear of Joe for a neighbor now.

Some of our boys went to Frankfort to elect a United States Senator last Tuesday night. You know their success.

Mr. Whitefield West says he wishes the court would adjourn, as he is lucky enough to be a witness in several cases.

Our citizens have presented a petition to the Legislature to have our village incorporated. We are going to have peace and order now. Fights are getting to be too common here.

KICK.

Joshua.

Mrs. Elizabeth Pulliam is on the sick list.

Mr. Barb Pulliam is very sick with pneumonia.

Mr. Alton Parish visited relatives in Indiana last week.

James Marshall visited friends in Tigner neighborhood last week.

There is a blacksmith shop, store, post office and a school-house at Tigner.

The tobacco buyer, Mr. Sullivan, of Frankfort, visited Mr. Geo. Harrod last Thursday.

Mr. Green Chiolski is in very low spirits. His horn is stopped up and his hours run down.

This being the first time I have made an effort to write, thinking De Debil had expired, you needn't expect a very large amount of news from this place.

Ponto.

Switzer.

Rain and mud in abundance.

Mrs. Robert Stockett and wife, of Kansas City, Mo., are visiting friends in this county.

Mr. Wm. Pryor and wife are visiting relatives and friends in this part of the country.

Miss Kittie Hockensmith, of Peck's Mill, spent several days in our neighborhood last week.

The cry now is for another change in the weather. They want it cool with high winds to settle the mud.

Rumor has it that we will soon lose another one of our dear girls. The young man, and lucky one, resides near Frankfort.

Mr. D. D. Baker is representing the boys in this end of the county in the grand jury room this week. Look out, dear boy, if you have been doing wrong he will not forget you.

Mr. B. D. Head, of Monterey, is still in our neighborhood. He has been quite complaining for some time. A pain near the upper left vest pocket seems to be the trouble. Will some one prescribe?

As a word of advice to some of the timid young men who visit our neighborhood, I would say when you call on a young lady without sending your card, do not leave until you have paid her and said a few words, then knock at the parlor door. And when it is your sad fate to have to leave without being heard be careful not to leave your wraps on the door step.

We learn from our beloved editor, that the correspondent who writes up the news from Between the Bridges is a very beautiful young lady. Now it this be true, and we have every reason to believe that it is, we do not think it either strange or remarkable that young men go so far and from so many different places to the little village, to call on a certain little village girl to solve the problem and that they will quickly answer, not the little town or its inhabitants generally speaking, but a few, and perhaps, more especially, he conveys the front every week with a nice new way letter for the ROUNDABOUT.

BONAMI.

Flat Creek.

Too muddy to visit, consequently news is scarce.

Mr. Newton Shackleford and wife visited Mr. Lewis Lee last Monday.

Mr. Edmund Lee returned last Friday from a visit to relatives in Louisville.

Mr. Johnny Moore, of North Pleasureville, visited James Herrel last week.

The tobacco buyer, Sullivan, was in this neighborhood last week buying tobacco.

We are glad to announce the fact, that Brack Moore is a candidate for constable.

The piano Mr. Riley Clark expected to get when he shipped his tobacco turned out to be a cooking stove.

Rev. A. B. Cabaness, of Louisville, Editor of the Western Record, preached at Lebanon Church Feb. 2d and 3d.

Mrs. Mildred Dickens, of Shelby county, visited her sister, Mrs. Mahala Allison, who is very low with consumption last Thursday.

Mr. Riley Clark happened to bad luck the other day. His chimney fell down and he had to call on the bone carpenter to rebuild it.

Rosy Cuse is a very notonate fellow. He has purchased the house and lot of Jas. R. Harrod and will carry on his business in Shelby county instead of Frankfort.

Mr. Henry Allison traded a stack of hay which weighed about a ton and a half, to Henry Rodgers for a small call skin. Look out, Sam. Harris, there is opposition about.

On account of extremely cold winter and changeable weather, Mr. Dennis Gordon's hogs have taken bad colds and are now dying with consumption. Run for constable, Dennis.

Since the Franklin county court has made an appropriation for the extension of the Devil Hollow turnpike near the county line, which will leave the high road to T. D. Kessler in the cold, the bridge will be discontinued.

Mr. Kessler, the keeper of the bridge, will be discharged. Any railroad or turnpike company wishing to purchase a cheap bridge will call on T. D. Kessler, as it will be sold to the highest bidder.

JEMBO.

Jett.

Every farmer should have a canoe.

Come on with your valentines, girls, this is leap year.

Miss Leonna Jett spent several days this week with Miss Jennie Edwards, of Woodland.

Messrs. Lahart & Graham have shipped about one hundred and seventy barrels of whisky from here this month.

Prayer-meeting last Sunday night at Mr. Tom Edwards', but on account of the rain there were but few who had faith enough to come out.

We have not been to Glendale since the laying off of the streets and numbering the houses, but we know it must add much to its appearance.

Mr. and Mrs. C. H. Deane, of Excelsior, were unexpectedly called to Lexington last Friday on account of the death of Mrs. Deane's uncle.

Owing to the absence of Mrs. Deane, last Friday, Miss Lillian Stone took charge of her department as teacher, which just pleased the boys.

Mr. W. M. Reily has this far advertised for sale the 20th of his month. He will leave at once for Missouri, where he expects to make his future home.

Brother Polk South was too hoarse to preach last Sunday. We don't know exactly what was the matter, but we do know he was attending the Caucus last week.

Mr. Rogers and Mr. Clark, of the College of Art, of Lexington, spent last Saturday and Sunday at Excelsior. Mr. Rogers delivered a lecture at Grassy Spring on Sunday, at a church history.

Mr. Levi Critcher, who has been quite ill for some time, is still in the same condition, but we have had a few days of improvement.

It seems that the dog race has turned out to kill all the sheep in the country, from the way they have commenced in this neighborhood. Some week or ten days ago they attacked Mr. K. Hau's flock and killed forty. One night last week they killed twenty for Mr. K. W. Woolson, and last Sunday night made an attack on Mr. Levi Critcher's flock, killing three. They were heard in time to prevent further damage. We think the Germans could not do a better thing than pass some law protecting a man's sheep from these worthless curs.

URBN HUMR.

Bridgeport.

And still it rains.

Little Jessie Hancock is quite ill again. Mrs. Hawkins has been quite sick this week.

Mr. Wm. Scofield still remains on the sick list.

Mr. Robt. Allison and family, of Virginia, are visiting relatives in this vicinity.

We know of a certain lady in this section who snores like a leech. So Lillie says.

Another lady wants to know whether tobacco is buggered or wormed.

Miss Jane Jenkins spent several days this week the guest of Misses Ids and Sue Crockett, Frankfort.

Capt. George Sudduth came near losing his meat house, with his entire crop of bacon, by fire last week. A stick on the bone bacon, he hung for the purpose of smoking broke percolating several pieces into the furnace

but owing to the timely discovery of the mischief a serious loss was prevented.

Quite a gloom over spreads our entire community, in consequence of the great flood now devastating the Ohio valley.

That other wedding we spoke of some time since, as being in the near future, we should judge to be about ripe.

The warm weather of the past week or more, has caused vegetation to spring up, until a spring-like appearance is the result.

Misses Alline and Laura Wrigg, of Gratzburg, accompanied by their brother, Mr. Eddie, were the guests of Judge R. Brown and wife last week.

Several ladies and gentlemen, of this place, attended the home-made ball at Alton last Thursday night. They report a vast amount of enjoyment.

A considerable quantity of tobacco is being hand-harvested this place daily, en route for Frankfort, from whence it will be shipped to Louisville.

Taylor Parrent had a swarm of bees to come out last Tuesday and go into another hive just as they usually do in May and June. An unprecedented occurrence.

We see in a recent issue of the Roundabout a gentleman or two spoken of as suitors and probable candidates for the office of Auditor in the August election, 1853. Without any disparagement, I should say that we know no one deserving or more worthy the suffrage of the people for that office than Mr. W. H. Hawkins. Having served as deputy under Sheriff Robinson a few years since very efficiently, we speak of him as a flattering good.

Taylor Parrent had a swarm of bees to come out last Tuesday and go into another hive just as they usually do in May and June. An unprecedented occurrence.
